

Best in Class

TR4085plus® Premium Resin-Enhanced Wax has been the industry's leading wax product since its introduction to the market in November 2000, this ribbon features a SmoothCoat® backcoat and a 4 Million Linear Inch Guarantee. This unique ink formulation dissipates static and is versatile enough to print on a wide variety of labelstocks.

Recommended Applications

Recommended Substrates - coated paper, coated tag, flood-coated paper, gloss paper, Kimdura®, Polyart®, polyethylene, polyolefin, polypropylene, synthetic paper, uncoated paper, uncoated tag, UV varnished labels, Valeron®

MP Mid Wax/Resin prints deep black barcodes and other variable information that is easily read. It delivers excellent small character clarity and edge definition and is extremely resistant to scratching and smudging of the printed image. Plus, this product eliminates label retrack, which means no faint shadows transferred to the labelstock when feeding through the printer. Designed to print on a wide variety of receiving materials, including coated and uncoated paper labels and tags, varnished label stock, and flood-coat, this wax/resin formulation is an excellent choice for extreme applications.

Recommended Applications

Recommended Substrates - coated paper, coated tag, gloss paper, polyethylene, polyolefin, polypropylene, polystyrene, top-coated vinyl, Tyvek®, Tyvek Brillion®, uncoated paper, uncoated tag

R300 General Purpose Resin has extensive label adaptability and high print speed capability. This resin is the most diverse of its kind. It outperforms the competition in abrasion and solvent resistance, and uses less print energy.

Recommended Applications

Recommended Substrates - polyester, polyethylene, polyolefin, polypropylene, vinyl
