

Building Teams

One Hire at a Time

Lacey Stairs, DNP's Inventory Coordinator

We make the world's premier thermal transfer ribbons, right here in America.

At DNP, we don't make thermal transfer ribbon, we craft it – with dedication, experience, the finest materials and stringent quality control. It's in our DNA. Because over twenty-five years ago, DNP was one of the first companies to pioneer thermal transfer ribbon technology, and we've never stopped.

Our operation in Mount Pleasant, Pennsylvania, serves as the headquarters for DNP's barcode division and is a full-service facility with on-site coating, converting and distribution. Our team of dedicated employees works hard every day to produce the finest thermal transfer ribbons in the world.

Is DNP the right place for you?

Do you have a strong work ethic? Are you willing to learn and grow in a manufacturing environment? Do you want to work for a company with:

- Competitive wages and salaries
- Paid time off
- Extended illness days
- Matching 401(k) saving/retirement plan
- Flexible Spending Account for health/child care
- Safe, clean, team environment
- State-of-the-art equipment
- Environmentally responsible attitude

If you answered YES, send us your resume and/or application today through one of the following methods:
