

# Supporting American Manufacturing

## Mt. Pleasant, Pennsylvania

DNP has been manufacturing thermal transfer ribbons in the United States for nearly twenty years. During that time, we have grown to become the premier thermal transfer ribbon manufacturer in the world. We are known for exceptional service, consistent quality, logistical expertise, and innovation.

Our operation in Mt. Pleasant, Pennsylvania, serves as the headquarters for DNP barcode division and is a full-service facility. Our team of dedicated employees works hard every day to produce the finest thermal transfer ribbons in the world.

## Thermal Transfer Ribbon Product Lines

### Wax Products

Wax ribbons offer broad performance characteristics.

- Applications include: general carton labeling, retail tags, ingredient labels, pharmacy labels, and general ticketing

### Wax/Resin Products

These are durable and versatile all-purpose ribbons.

- Applications include: retail tags, lumber tags, pharmaceutical labels, shelf labels, and warning labels

### Resin Products

Applications involving special or extreme conditions require resin ribbons.

- Applications include: electronic component labels, warning labels, tamper-evident labeling, drum labels, and jewelry tags

### Near Edge Products

For flexible packaging applications, these ribbons are the perfect solution.

- Applications include: food packaging, medical devices, parts packaging, cosmetics, and medications
