

# SmartPaks® Program

Brought to you exclusively by DNP.

## Pick Your Packaging

Whether you're warehousing TTR in bulk or distributing small quantities to end users, DNP has a SmartPaks solution for you.

### Bulk Packaging

#### Need less packaging?

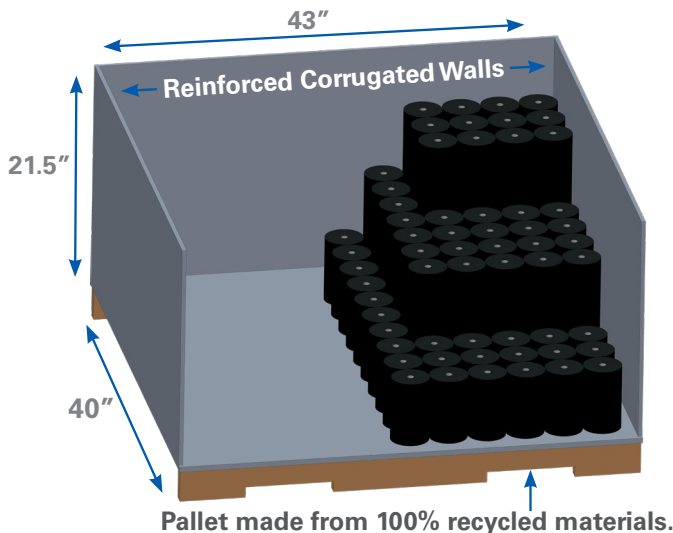

Are you a service bureau, kitting ribbons and labels, or purchasing 10+ cases at a time? We will place all your same-size rolls onto one pallet, shrink wrap it, and ship the pallet to you.

#### How does it work?

- Contact us to set up bulk packaging
- Place your order for 10 cases (240 rolls) or more of any item
- We'll ship you a shrink-wrapped pallet

#### How do you benefit?

- Less time spent unpacking boxes
- Less packaging waste to dispose of

### Master Packaging

#### Need to reship?

Try our individually strapped and labeled resin master packs. What's missing? All those extra costs to ship multiple cases.

#### How does it work?

- DNP keeps the industry's most popular resin sizes in 6-packs on the shelf at every distribution center
- Place your order for a 12-pack
- We'll ship two individually strapped and labeled 6-packs in one large box same-day from the nearest location to you

#### How do you benefit?

- Reduced lead and transit times
- Reduced freight cost
- Less time spent re-labeling and re-packaging
- Keep one...ship one!
